

Cold-Plus® Transport Refrigeration Warranty

THIS CERTIFICATE ACKNOWLEDGES THAT

More TMPG, LLC hereby offers the following limited warranty on any commercial mobile refrigeration compressor in which Cold-Plus® is installed. If, within the warranty period and warranty terms set forth below, a commercial mobile refrigeration compressor fails for any reason, except for acts of God or vehicle collisions, More TMPG, LLC will replace the compressor with a new comparable compressor at no charge to the customer. All labor, parts, and shipping costs to install the compressor are covered by this limited warranty. This limited warranty is for the transport refrigeration compressor only.

For all new transport refrigeration units, the warranty period is Ten Thousand (10,000) Hours of run time from the date Cold-Plus® is installed. For all used transport refrigeration units with less than Ten Thousand (10,000) Hours of run time, the warranty period is Two Thousand (2,000) Hours of run time, up to Ten Thousand (10,000) Hours. Examples: If a used transport refrigeration unit has Seven Thousand (7,000) Hours of run time, the warranty is for an additional Two Thousand (2,000) Hours, up to Nine Thousand (9,000) Hours. If the used transport refrigeration unit has Eight Thousand Five Hundred (8,500) Hours of run time, the warranty is for an additional One Thousand Five Hundred (1,500) Hours, up to Ten Thousand (10,000) Hours.

All transport refrigeration units with more than Ten Thousand (10,000) Hours of run time receive a One Thousand (1,000) Hour run time limited warranty on the compressor.

For this warranty to be effective, Cold-Plus® must be installed by a service technician with an EPA Clean Air Section 608, Level 2, certification. The service technician must attest that the unit was in good working condition on the date Cold-Plus® was installed and the attestation must be registered as per the instructions on the back of this warranty certificate.

Transport Refrigeration Warranty

For this limited warranty to be valid, the Transport Refrigeration Warranty form located on the Company website at www.moretonmpg.com must be completed, signed and submitted to the address below. The Warranty form must be submitted within Sixty (60) days of the date of the Cold-Plus® installation. The Commercial Mobile Refrigeration Warranty form must include the name, address and telephone number of the transportation company; the company representative and/or contact person; the manufacturer of the refrigeration unit in which Cold-Plus® was installed; the serial number of the refrigeration unit in which Cold-Plus® was installed; the installation date; and, the service technician doing the installation of Cold-Plus®.

For this warranty to be effective, Cold-Plus® must be installed by a service technician with an EPA Clean Air Section 608, Level 2, certification. The service technician must attest that the unit treated was in good working condition on the date Cold-Plus® was installed by signing the Commercial Mobile Refrigeration Warranty form on the Company website.
